

## Style and performance

Your Scania truck is not only one of the most reliable and best performing vehicles on the road, it also reflects the pride, dependability and experience that you bring to the job. It radiates a lifestyle and the uncommon quality we expect from all things Scania. Our accessories are designed to enhance your performance and total driving experience, and let you and your truck shine.

Right side front handle	1911963
Right side rear handle	1911961

## SCANIA ACCESSORIES – ECONOMY

Scania trucks balance power with control, strength with efficiency and performance with economy. Enhancing your truck with wind-sculpting air-deflectors improves fuel efficiency, taking our strengths to another level. Looking good never made so much sense!

# Economy product highlights

## Air deflector, side extension

Profile in aluminium with rubber extension to further reduce air drag with side air deflectors. We offer side air deflectors and extensions for all cabs, please contact your Scania dealer for further information.

## Air deflector, roof

Roof air deflector that is adjustable for various body heights. The truck must be equipped with a roof rail, see part numbers 1408241 and 1376694.

## Electric engine heaters

In cold winter months, the engine heater will give you easier starts and reduce engine wear.

## Battery charger 24 V

Avoid drained batteries, the cost of jump starts and extend your battery life. The compact 24 V battery charger is easy and safe to install with the calix plug-and-play system and the included mounting plate. Power cord not included. Guaranteed EMC approved levels. IP65.

# Aerodynamics

## Side skirts

### Unpainted kit

Side skirts in 580 mm heights. For the correct fit for your specific vehicle please contact your Scania dealer.

	Part no.
Wheel base 3550 mm	2251791
Wheel base 3700 mm	2251790

## Air deflectors

### Side

Side air deflectors that are easy to adjust and suitable for both tractors and rigids. Folds away on tractors to permit convenient access to the catwalk. We offer side air deflectors for all cabs, please contact your Scania dealer for more information.

#### Scania in cooperation with Dreager

Scania alcohol interlock, in cooperation with Dreager, prevents the vehicle from being started if the alcohol concentration in the driver's breath is higher than the legal limit. Breath testing data is stored and can be read with special software. Approved according to the EN 50436-1 and 50436-2 standards. Includes 5 mouthpieces. For other spare parts, please contact your local Scania dealer.

	Part no.
English	2039022
French	2039023

#### Nozzles

Mouthpieces with non-return valves for our alcohol interlock.

	Part no.
5 pieces	2036303
300 pieces	2036304

## Fuel related equipment

### Filler caps

Fuel filler caps of robust quality help protect your fuel from thieves.

	Part no.

Lockable, AdBlue cap kit for 50 and 75 liter tanks	2164241 ▼
Lockable, without chain	2123147
Non lockable, without chain	2061501

### Anti-siphon device high

This robust Scania anti-siphon collar prevents fuel theft. Tank neck size 60 mm. Rapid fit. Compatible with original Scania fuel cap.

	Part no.
Anti-siphon device	1910366
Kit, with anti spill valve included	2201101 ▼

### Anti-siphon device low

The low model of the device is easy to mount in tight spaces.

	Part no.
Anti-siphon device	2155387 ▼

### Anti-spill valve

Stops fuel spillage if the fuel cap has been forgotten, broken or if the fuel tank is overturned. Can be retrofitted into Scania anti-siphon device 1910366 and 2155387.

	Part no.
Chrome anti-spill valve	2079280

## Safety clothing

### Vests

#### Fluoro fleece

Fluoro vest with fleece lining and 3M reflector soft-shell material on the outside for assured visibility. Approved in accordance with EN 471 class 2.

	Part no.
Size 50/52 (M)	1850807
Size 54/56 (L)	1854894
Size 58/60 (XL)	1854893

#### Fluoro

Use this fluorescent safety vest with Scania symbol on the back in the event of an unplanned stop. Approved in accordance with EN 471 class 2. One size fits all. Will also be available in orange colour in Q1 2014.

	Part no.
Yellow	2029220
Orange	2285320

### Gloves

#### Hardwearing high-visibility

High-visibility fabric gloves with built-in reflectors. Thumbs and first fingers are reinforced. Elastic seams over wrists.

	Part no.
Fully lined, size 10 (M)	1905272
Semi lined, size 10 (M)	1905271

#### Hardwearing

Durable and flexible gloves. Full grain oxhide over the knuckles and on the wrist.

	Part no.
Size 8 (S)	1850805
Size 10 (M)	1853636
Size 11 (L)	1853637

### Helmets

#### Plastic

Helmet made of impact-resistant plastic. Prepared for ear-muff attachment. EN 397 approved. Size 50–66.

	Part no.
	1850806

# Electronics

## Camera and monitoring systems

### Front view cameras

The Scania front view camera tackles the dangerous problem of no visibility in the blind spot at the front of the cab. The images provide clear, visual information. The cameras are 100% waterproof and feature heated lenses that eliminate frost and moisture problems. Scania camera systems conform to the latest CE, ADR, RFI, VDE and EMC specifications. The camera bracket is especially designed for optimum vision field.

	Part no.
Bracket	1899509
Camera with bracket	2245726
Colour camera	2247167

### Rear view cameras

When manoeuvring a truck at loading bays or in tight spaces there is always a risk of cosmetic damage or broken lights. Up to three cameras can be linked to the same monitor. These extra eyes show what is happening around the truck and make the driver's job easier, safer and more effective. Improving visibility means improving safety. The cameras are 100% waterproof and feature heated lenses that eliminate frost and moisture problems. Scania camera systems conform to the latest CE, ADR, RFI, VDE and EMC specifications.

	Part no.
Colour camera	2247165
Colour camera to Scania premium radio (AUS3) – mirrored image	2247166
IR LED camera	2247172 ▼

### Rear view camera with auto shutter

Rear view camera with auto shutter. Protects the lens against dirt. Rear view camera is adaptable to the 7" LED DDIN monitor (2245725).

	Part no.
Cable 20 m for 1903597	1903616
Junction box	1903617
Rear view camera	1903597

**Front view system kit**

Includes the 7" LED DDIN monitor (2245725), camera with bracket (2245726) and 5 m cable (1789386). The kit is tested and homologated with the long dashboard. The front view system kit may replace the front mirror, according to the European mirror directive 2003/97/EC and 2005/27/EC and is homologated with all Scania series G, P, R and T via the Scania certificate 2003/97\*2005/27\*2500\*05. It can be used in the entire European market.

Part no.
2247168

**Rear view system kit**

Includes 7" LED DDIN monitor (2245725) and colour rear view camera (2247165). Extension cable for the rear view camera must be selected depending on the configuration of the truck.

Part no.
2247170

**Front and rear view system kit**

Includes 7" LED DDIN monitor (2245725), camera with bracket (2245726), 5 m cable (1789386), junction block (1789393) and colour rear view camera – mirrored image (2247166).

Extension cable for the rear view camera must be selected depending on the configuration of the truck.

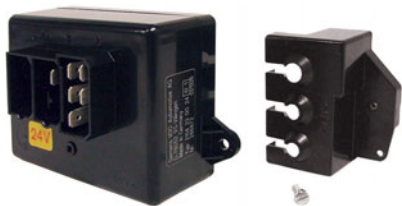

Part no.
2247169

**Monitor display**

The 7" LED DDIN monitor can be integrated in the long dashboard. With help of the adapter display the monitor can also be mounted to the dashboard. Up to three cameras can be connected to the monitor by using a junction block (1789393).

	Part no.
7" LED DDIN monitor	2245725
Adapter	2009551

### Interfaces to Scania and Pioneer radios

All information for safe and efficient driving on one monitor. The adapter cable for Scania premium radio (2026742) and the video signal cable for Pioneer can connect to the colour rear view camera – mirrored image (2247166). Two cameras can easily be connected to the radio navigation unit.

	Part no.

Scania pursues an active policy of product development and improvement. For this reason the company reserves the right to change products, product specifications and part numbers without prior notice. Furthermore, due to national or EU legal requirements, some accessories may not be available in all local markets. National regulatory requirements should also be taken into account when purchasing Scania accessories. For further information or to place an order, please contact your local dealer or visit [www.scania.com](http://www.scania.com)

This catalogue is printed on eco-friendly paper in accordance with ISO 14001. The paper is also recyclable in accordance with EU Directive 9462/2.
